Where Care Matters

Verified and Audited Home Care

The Home Care Standards Bureau is the U.S.'s premiere non-medical home care agency ratings organization.

Home care agencies provide many services: home care aides, homemaker services, and companion services. Trusting a stranger in your home with a loved one's care is a big decision. HCSB provides you the confidence to make an informed decision by providing you a 3rd party verification that this agency meets stringent standards.

The HCSB A+ Rating Criteria

- The agency must be properly licensed by applicable state and federal regulatory organizations.
- All caregivers must pass a multi-tiered background check, including but not limited to a state multi-jurisdictional, criminal, sex offender registry and current state driving record.
- All caregivers must pass 12 hours of annual caregiver education.
- The agency must complete and sign a comprehensive disclosure form every six (6) months.
- The agency must carry liability, worker's compensation and non-owned vehicle insurance.
- 90% of all caregivers must be W-2 employees and have applicable licenses.
- The agency owner or associated person must have been in the paying home care business for at least one (1) year.
- The agency must agree to abide by the HCSB Regulatory Board Code of Standards and Ethics.
- The agency must agree to both scheduled and unannounced on-site audits.

Why choose this Home Care Agency?

Home Care enables older adults to age at home with the level of care they need to be safe and comfortable, while providing their family with peace of mind.

- According to AARP, 87% of seniors prefer living in the comfort of their own home.
- Home Care is tailored to the client's specific needs.
- Keep families together and lower isolation. Elderly adults are able to maintain their freedom.
- Postpone and possibly prevent institutionalization.
- Increase healing and promote health and well-being.
- More safety and security than living alone.
- Reduce stress and improve quality of life.
- Reduce expensive hospital stays.
